PROFILE

A hard-working engineering graduate from Daffodil International University specialized, in front-end technologies like HTML, CSS, JavaScript, React.js, etc. Also have moderate understanding on core concept of Computer Science and engineering.

SKILLS & TECNOLOGIES

- **EXPERTISE:**
  HTML 5, CSS3, Bootstrap, Tailwind CSS, DaisyUI, JavaScript, ES6, React.js, React Router, Firebase, react-firebase-hooks.
- **COMFORTABLE:**
  Node.js, Express.js, MongoDB, JWT , NPM.
- **FAMILIAR:**
  TypeScript, Context API, RESTful API.
- **TOOLS:**
  GitHub, VS Code, Heroku, Netlify, Figma, Canva.

Personal Projects:

CS-CompSolution: A B2B type website of a PC parts manufacturer company.

- User account creation and authentication using **firebase** and **JWT** is implemented for authorization purposes.
- User can place an order and pay for that order through payment gateway implemented using **stripe**. To store the essential data **MongoDB** is used as database.
- Dashboard for both admin and user is implemented using **conditional rendering**.

Technologies: React.js | Node.js | Express.js | MongoDB | Firebase | Stripe | Tailwind | DaisyUI | Heroku.

FreshFeel.com : A website to manage inventory of a fragrance warehouse.

- Admin need to create account and login to get access to the system.
- Admin can update the delivery quantity, and stock quantity of a particular product
- Admin can manage the stock and add new items, and the data of each product will be stored in **MongoDB**.

Technologies: React.js | Node.js | Express.js | MongoDB | Firebase | React-Bootstrap | Heroku.

Links: Git(Client) | Git(Server) | Live Site

Click-Life : A B2C type website that provide photography service.

- User need to create an account and login to place an order for service. **Firebase** authentication is used to authenticate.
- User can place order for a particular service.
- User will be redirected to the login page, while trying to place an order without being logged in.

Technologies: React.js | Node.js | Express.js | MongoDB | Firebase | React-Bootstrap | Heroku.

Links: Git | Live Site

Language:

- Bangla – Native.
- English – Fluent.
- Hindi – Comfortable.

EDUCATION HISTORY:

B.Sc. In Computer Science and Engineering (CSE)   **Jan 2018 – Dec 2021**
Daffodil International University

¬ CGPA – 3.75 out of 4.

Extra Curricular Activities:

¬ Valid Member of Daffodil international University Robotics Club.
¬ Participated Take off programming contest two times, organized by Computer Programming Club, DIUPC.
¬ Participated DIU Intra University Programming Contest in association with DIU GCPC.
